

# Crystal Fire: Let's Get Growing

In Moody Park on May 12

Please RSVP below

Starting at 9:00am

**KIDS** – Did you watch The Lorax movie? Are there really Truffula trees and bar-ba-loots? Stop by and ask a real forester! Every kid attending can plant a tree and help start a new forest right in our neighborhood!

**ADULTS** – Living in the woods can pose unique challenges for forest landowners that require special knowledge and skills. Stop by and meet experts who can answer your questions about everything from **trees** to **wildlife** to **emergency preparedness**. While you're at it, bring the kids and help start a new forest!

Representatives from the following organizations will be available to answer questions both now or whenever they arise:

- **Colorado State Forest Service and Society of American Foresters** - will show you how to plant a tree and start a new forest
- **Larimer County Tree Farmers and Project Learning Tree** – will show you how to keep your trees healthy and safe
- **Colorado Parks and Wildlife** – will help you understand and live with the wildlife in your woods
- **Larimer County Emergency Services and Rist Canyon Volunteer Fire Department** – will help you prepare for emergencies before they happen
- **United States Forest Service** – will talk to you about being good neighbors

To sign up for this free event, get more details and find directions and a map see:
