

Grant Writing Workshop

In order to assist you in writing competitive grant applications I am planning to put on a grant writing workshop (or workshops) specifically regarding grants administered through the Colorado State Forest Service. I will be conducting one or two workshops this coming spring or early summer in a few strategic places in Larimer County.

In the workshop I plan to talk about some of the different grants that are often available (for fuels reduction, community wildfire protection planning, etc.); however, my main goal will be to give some advice and information on how to write the best grant application for your community.

I would like some feedback from those interested on when and where you would be most likely to attend.

1. Months (March, April, May or June)
2. Days (weekdays or weekends)
3. Times (mornings, afternoons, or evenings)
4. Would you be willing to travel for a workshop? If not, can you recommend a venue in your community where you and surrounding communities could attend?

Please respond by March 1st so that I can begin scheduling and give everyone plenty of notice.

Also, keep in mind that I won't be able to schedule something that meets everyone's needs but I will do my best to accommodate the most communities.

Thank you for your interest and feedback.

Diana Selby
